BRIAN PARK, M.S.

Address: Department of Ecology and Evolutionary Biology

Environmental Sciences Center

21 Sachem St

New Haven, CT 06511

Telephone: (203) 432-7168

E-mail: brian.park@yale.edu

EDUCATION

Present 1st year Ph.D. student

Yale University

Department of Ecology and Evolutionary Biology

Major Advisor: Dr. Michael J. Donoghue

2012 M.S. in Biology

University of California, San Diego

Department of Biology: Section of Ecology, Behavior, and Evolution

Thesis Advisor: Dr. James C. Nieh

2010 B.S. in Ecology, Behavior, and Evolution

University of California, San Diego

Department of Biology: Section of Ecology, Behavior, and Evolution

RESEARCH EXPERIENCE

2012-Present	Graduate Student Researcher, Yale University
2010-2012	Graduate Student Researcher, University of California, San Diego
2009-2010	Undergraduate Student Researcher, University of California, San Diego
2007-2008	Volunteer Research Assistant, Southwest Fisheries Science Center

FUNDING

2011 Sigma Xi Grants in Aid of Research

Proposal: "The pollination ecology of honey bees (Apis mellifera) in

fragmented habitats" Award sum: \$1000

PRESENTATIONS

2011 "Pollination Ecology"

Guest lecture, Plant Ecology Course, University of California, San Diego

2012 "Sterile Marginal Flowers in Viburnum"

1st International Viburnum Symposium, Yale University

TEACHING EXPERIENCE

Graduate Teaching Assistant

Yale University

2013 Human Evolution (Instructor: Dr. Howard Ochman)

Graduate Teaching Assistant

University of California, San Diego

2012 Biodiversity (Instructor: Dr. Kaustuv Roy)

2012 Animal Behavior and Communication (Instructor: Dr. James C. Nieh)

2011 Plant Ecology (Instructor: Dr. Joshua R. Kohn)

2011 Ecology Lab – 2 quarters (Instructors: Dr. Heather J. Henter; Kate M.

Hansen)

Undergraduate Teaching Assistant

University of California, San Diego

2010 Plant Ecology (Instructor: Dr. Joshua R. Kohn)

2009 Introduction to Ecology (Instructor: Dr. David A. Holway)

Human Impact on the Environment (Instructor: Dr. Milton H. Saier)
Organismic and Evolutionary Biology (Instructor: Dr. Christopher J.

Wills)

MENTORING & SYNERGISTIC ACTIVITIES

University of California, San Diego

Undergraduate student mentees

Erin Hourigan, Gee Ryu, Alexander Tablante

Emerson Lin (Belkin Scholarship)

Rudolf Scherban (McNair Scholar Program)

Kevin Johnston (Environmental System Program)

High school student mentees

Nathan Peterson and Susana Sanchez (High Tech High School)
