

Appendix 1. Locality and voucher data for the Pyreae and *Prunus* taxa used for phylogenetic analyses in this study. Locality data include the country, state/province, and county/parish from which herbarium vouchers were collected. Vouchers were deposited in herbaria labeled as follow: aa=Arnold Arboretum of Harvard University; huh=Harvard University Herbaria; jb=Jardin Botanique de Montréal; mo=Missouri Botanical Garden; ns=Ness Garden (Liverpool); ny=New York Botanical Garden; rbg=Royal Botanical Garden (Edinburgh); trt=Herbarium of the Royal Ontario Museum; de=Copenhagen Botanical Garden; yu=Yale Herbarium.
